With over 77 years of experience in fine music (and popular music of the 1940s) I know talent when I hear it. Soscoduo (Alex and Laura) are superb musicians... the kind you want to perform for your affair.

We hired Laura & Alex for our wedding day! They were WONDERFUL to work with, prompt with responses and easy to reach. We had no idea what kinds of music would work for our ceremony, but Laura helped us pick everything out, and it all turned out exceptional. They have a few samples of songs on their webpage and that was what really put us at ease! We had a family friend tape the wedding, and we were surprised to hear how good the music sounded even through our video recorder (it was a windy day)!! Thank you guys!!

They provided elegant background music for an all ladies luncheon. I loved their sound from the demos on the internet. Their sound was perfect. It was lovely and a wonderful way to kick off the holidays. Very professional, attractive, and talented.

They were such a special part of our ceremony and literally just what we needed for that extra special, intimate touch. We hired SoSco Duo to play at an outdoor fundraiser for us. They were extremely professional and easy to work with. After the event, we received lots of compliments about how beautiful the music was. Both Laura (flute) and Alex (guitar) are wonderful musicians, and the music complemented the event without overwhelming it. Would definitely recommend them!
